

The following test panels listed below are the Comprehensive Toxicology Pain Panel and Comprehensive Toxicology Psych Panel. These are all the drugs that are contained in our current test menu. If you would like to request a "Custom Profile" that includes certain tests, please place a check mark next to the drug(s) that you would like to be included in your own custom profile. This form must be returned/faxed to Biotech Clinical Laboratories to be setup. Upon completion of setup, you will be sent a CUSTOM PHYSICIAN PROFILE form to submit with your Toxicology Requisition for each patient every time. Thank you
